

Green Scoop 1650 XT

A general purpose tip with rugged construction, suitable for use with a range of press wheels (width of press wheels up to 50mm). Ideal for "V" shaped press wheels.

Features:

- 12 mm wide Tip
- Tungsten Protection for longer life
- Robust design allows use in most rocky situations
- Unique rise gives extra durability and protection when "moisture seeking" or deep seeding.
- 50mm wing gives extra disturbance in root zone, minimizing side wall compaction and smearing.
- Reversible - The points are symmetrically designed so as the initial side is used and wears, they can be simply turned upside down and re-installed for extended use.
- Suits 16mm Shanks

Specifications:

Material:	High Strength Alloy Steel
Shank:	16 mm
